

TO: Randolph College Athletes  
FROM: Athletic Department  
RE: Athletic Participation Requirements and Waiver

Randolph College requires that all intercollegiate student athletes complete a medical history and physical exam and sign a waiver release form. These forms are to be on file with the athletic trainer prior to beginning organized team practices and competitions. The Health Center will release a copy of the Health Information Form/Physical to the athletic trainer to fulfill the first year physical requirement. By signing this paper you are submitting to the release of the Health Information Form to the athletic trainer.

Randolph College also requires all intercollegiate athletes to have medical insurance that covers intercollegiate sport participation. Complete insurance information is to be submitted to the athletic trainer on the Medical History Form. Non-insured individuals are ineligible to compete as an athlete for Randolph College

It is important that you understand there are inherent risks involved in participating in athletic practices and competition. By signing this form, you state that you accept these risks and wish to participate in intercollegiate athletes at Randolph College. In the event of an injury, you understand that medical payments will be the private responsibility of you and your family.

I attest that I have read and understand the above statement and that I have fulfilled the medical history, physical exam, waiver, and insurance requirements. I choose to participate in Randolph College athletics with the knowledge of inherent risks.
